Profile Index 64

Our hometown might be a little different. We share our roads with buggies. We know the name of each neighbor. So maybe it’s only natural that the qualities so common here in Ohio’s Amish country—hard work, honesty, genuine care—are what define us as a company. They certainly define our products. Created by a tight-knit circle of local artisans, Dutch Quality Stone veneers exhibit all the unique beauty of nature in a range of dependable, easy-to-install options for homes and commercial properties. It’s what can happen when the exacting standards of traditional craftsmen are applied to modern processes. And it makes all the difference.

DESIGN INSPIRATION

Designed to inspire inside and out.

Explore our gallery of showcase projects to help inspire your designs. Choose Dutch Quality when you want to create a warm, welcoming look for your home or commercial property. We're here with ideas that fit your budget, time frame, and special vision.

Our veneers capture the complex character of natural stone because we take special care in creating the original master molds. It's a process that requires both art and technology. The result: a stable, durable, convenient, and inherently beautiful material in a wide array of styles and colors.

OUTDOOR SPACES

A traditional favorite for outdoor spaces.

For as long as people have been building places to gather, stone has been a favorite design material. It's still true today. Our artisan-crafted stone styles bring that organic element to outdoor fireplaces, seating, walls, kitchens, and more, combining the rugged textures and subtle colors so loved in nature with ease of installation only possible with Dutch Quality. In no time, you can create your dream backdrop for outdoor entertaining and relaxing.

WARRANTY

Dutch Quality Stone™ Inc., warrants, subject to the terms and conditions of the full written warranty, that its manufactured concrete products shall be free from defect in materials, manufacturing, and workmanship for a period of 50 years from the date of purchase. The manufacturer will not be liable for any cracked or damaged product due to mishandling, building settlement, improper installation, discoloration due to airborne contaminants, or acts of God beyond the control of the manufacturer. This warranty is limited to the original purchaser and may not be transferred. (Complete manufacturer's warranty is available on our website: www.dutchqualitystone.com)

Additional Notes

- Just as natural stone will vary in color, Dutch Quality Stone™ will reflect some degree of variation in color. Actual stone color may vary from brochure. It may also vary from existing structures.
- Veneer stone is not intended for and will not hold up to foot traffic.
- Like any other cement product, under certain weather temperatures and conditions, stone may have signs of efflorescence.
- Just as natural stone shows signs of scuffing, occasionally Dutch Quality Stone™ will have light scuffing.
- With proper handling, there should not be heavy scuffing.
- Dutch Quality Stone™ is not responsible for discoloration due to run-off from adjacent building materials.

Because Dutch Quality Stone replicates natural stone, variations should be expected. Even though colors in this brochure are as close to the actual stone as possible, photographic and printing techniques—and actual viewing conditions—can alter perception of color. We recommend obtaining a sample of Dutch Quality Stone before placing an order.
