# LOOKING TO CREATE YOUR DREAM OUTDOOR LIVING SPACE?

## Rosetta Hardscapes Will Help You Change Your View

At Rosetta Hardscapes, we recognize that getting your dream outdoor living space is about more than what products you'll use. It's about imagining how your outdoor living space will transform your lifestyle.

When you choose Rosetta Hardscapes as the backdrop for the experiences you crave, it's easy to get both the natural stone aesthetics you want and the peace of mind you need from an intelligently engineered system.

The use of wetcast concrete elevates the look of Rosetta Hardscapes beyond that of the typical drycast concrete product. Rich textures crafted from real stone create a beautiful, natural atmosphere for your outdoor living.

Plus, the wealth of technical resources and detailed installation guides mean your contractor can bring your ideas to fruition faster than with natural stone. You'll be relaxing in your new Rosetta space before you know it!

So, peruse this catalog and start imagining more than just your new outdoor living area—start dreaming about your new lifestyle. Let us help you slow down, laugh a little more, and linger with the ones you love.

Let us help you change your view.

Dimensional Coping shown in Gray.

## POOL IDEAS

The pool deck is your family's warm-weather home, and Rosetta products are as perfect for pools as your kids are for water. While the kids are making a splash in the pool, you can make a splash with your hardscape elements.

Belvedere Wall shown in Fond Du Lac.

## OUTDOOR KITCHEN IDEAS

Excellent landscape design is like a perfect recipe. When the flavors of each ingredient mix and merge, it delights everyone you share it with. When Rosetta Hardscapes products come together in perfect proportions for your outdoor kitchen, all you'll need to get cooking is a grill.

Find more ideas at  
[RosettaHardscapes.com/Kitchens](https://RosettaHardscapes.com/Kitchens)

Kodah Wall shown in Fond Du Lac.

## WALL IDEAS

A beautiful space without a wall is like a picture without a frame. Wonderful, but incomplete. Since a good frame always flatters its subject, choose a wall that stands out as much as your impressive style.

Outcropping shown  
in Fond Du Lac.

## OUTCROPPING WALLS

There's nothing average about Rosetta's Outcropping Collection. Whether it's used as a standalone accent, freestanding or retaining wall, this large rock landscaping look will certainly stand out among the neighbors. Plus, you'll get the look you want without sacrificing the structurally sound solution you need.

## ADDITIONAL INFORMATION

---

### **COLOR:**

We at Rosetta Hardscapes, along with our media partners, do our best to produce print and digital materials that accurately reflect the true shades and tones of our product. However, we cannot guarantee perfect color matching for project photos, color swatches, or other picture representations.

Dye is mixed into the raw materials for all Rosetta Hardscapes products to intentionally produce subtle shades and color variations throughout each block or paver. Therefore no product seen in a photograph will be precisely duplicated. We recommend installing Rosetta with materials picked from multiple pallets for optimum color blending.

Rosetta works with manufacturers around the world to provide each geographic market with products suited to its native landscape. Therefore, colors vary by region and the colors available in your area may not be represented in this catalog. You can find out who your local producer is on our website by clicking "Where to Buy" at [RosettaHardscapes.com](http://RosettaHardscapes.com).

### **EFFLORESCENCE:**

Efflorescence is a naturally occurring, chalky, white residue commonly found on concrete surfaces. The presence of efflorescence in no way degrades the integrity of any product. It can usually be removed with efflorescence cleaners and often washes away over time. Rosetta Hardscapes does not cover the presence of efflorescence under warranty.

### **POLYMERIC HAZE:**

Improper installation of hardscape materials or use of certain landscaping sands may result in the presence of polymeric haze. This discoloration can potentially mute the vibrant colors of concrete products. Its incidence is not indicative of the quality of the product and it should not be considered a source of concern for the product's durability. Because Rosetta Hardscapes cannot regulate selection or installation of aftermarket accessory materials, we do not warranty against the presence of polymeric haze. In general, polymeric haze can be cleaned and washes away over time.

### **HEAVY EQUIPMENT:**

The broad surface dimensions of Rosetta's slab products are not engineered for vehicular traffic and compaction equipment. The exception to this exclusion is the more traditionally dimensioned Mission and Amaro paver collection. Both Old and New Mission, as well as Amaro, can be used as driveway pavers and/or finish-compacted. If a compactor is used to aid in installation of Old or New Mission, or Amaro Paver a urethane pad should be used with the compactor to protect the detailed surfaces of the pavers from damage.

### **WINTER CARE:**

All metal snow shovels and snow blower blades have the potential to damage concrete pavers. All snowplows, snow blowers and shovels used to clear Rosetta products of snow should use plastic blades or guards. De-icing salts will damage concrete and should not be used with Rosetta products. Rosetta does not cover damage done by snow removal, de-icing, or improper loading under warranty.

## HOW TO FIND A CONTRACTOR

---

If you haven't already found a contractor to work with, here are a few tips to make sure you find the right one.

### ASK A LOCAL DEALER

To find a local dealer, visit [RosettaHardscapes.com/MyLocalDealer](https://RosettaHardscapes.com/MyLocalDealer). Once you enter your zip code, you will be given the name and phone number of your Rosetta Hardscapes representative. We are happy to point you to the dealer that will best serve you and your project. Rosetta dealers work with great contractors every day and will happily recommend the perfect contractor for you.

### ASK YOUR FRIENDS

You probably have a friend, aunt, or co-worker who has had their landscape revamped in the last year or so. Try asking them these questions.

- Are they happy with the work they had done?
- What did they appreciate about the service they received?
- What would they have done differently?

### VISIT A HOME SHOW OR A PARADE OF HOMES

When the season is right, there will probably be at least a couple of home and garden shows right in your neighborhood. Not only are they a good way to get ideas for your new patio or garden project, they'll also give you a chance to have a conversation with contractors you could work with for your project.

We want you to feel comfortable and confident when starting your project. That's why we make sure you have the resources you need to get the job done right. Everything we make, we back with a limited lifetime warranty.

---

## ROSETTA BY MIDLAND CONCRETE PRODUCTS LIFETIME LIMITED WARRANTY

---

Rosetta hardscape products as manufactured by Rosetta are backed by a lifetime warranty from the manufacturer to the original end user, for products used in residential applications. This assurance of product quality is applicable where products have been correctly installed to manufacturer's specifications. Any properly installed hardscape material manufactured by Rosetta that deteriorates due to the concrete in the product not meeting the design strength specification will be replaced by the manufacturer. The following items are not covered by this warranty: color variances and the appearance of surface stains resulting from chemical reactions such as efflorescence or differential curing; damage caused by installation; deterioration caused by de-icing salts or fertilizers; damage resulting from sub-grade settlement or movement, hairline cracks that do not effect the structural performance of the product, spalling of less than three percent of the surface area, contact with chemicals or paint, discoloration due to airborne contamination, staining, oxidation, or improper sealing.

All warranty claims must be made prior to the removal or disposal of the defective product; Warranty claims will be reviewed by a company representative and may require samples of defective product for analysis. Warranty does not include removal, installation or transportation to replace the material. Warranty is not transferable and is extended to the original end user only. Proof of purchase is required.

Please note:

- Actual colors may vary from the color swatches shown in this book. Final color selection should be made from actual color samples, which are available from your local dealer.
- For the most natural appearance, install products from multiple pallets simultaneously. This will create a more blended, natural look.
