

EDWARD'S  
STONE

NATURAL STONE  
RECLAIMED WOOD

ALL STONE VERSION: VOLUME 3

The background of the entire page is a close-up photograph of large, rectangular stone tiles. The tiles are light gray or off-white with a natural, slightly textured surface. Darker, mineral-like veins are visible throughout the stone. A prominent vertical joint or grout line runs down the right side of the image, and a horizontal joint runs across the middle, creating a grid-like pattern. The lighting is even, highlighting the subtle variations in the stone's color and texture.

# about us

Established over 18 years ago, Edward's Stone has become a leader in producing, selling and installing natural, thin and full veneer stone that has an unmatched quality. Through offering an extensive product line and exceptional service, Edward's Stone is the source for interior and exterior stone products for both residential and commercial projects.

Headquartered in Roca, NE with showrooms in Omaha, NE., Fort Collins, CO., and Castle Rock, CO., along with distributors across the United States and Canada, Edward's Stone continues to grow into new markets. Partnering with a vast network of industry partners such as masons, architects, interior designers, builders, general contractors and dealers allows our client's vision the ability to come to life.

Edward's Stone has quarries located strategically across the United States, giving simple, nationwide access to our product. Through offering over 70 color blends, in multiple styles, and producing over 30,000 square feet of natural, thin veneer stone per week, allows the ability to logistically support projects of any size.
